Customer Reviews

This book set was so good I couldn't put it down. This book is amazing. Will read over and over, again and again. I love novels like this one. Can't wait for the next set to come out so I can read. I will definitely be looking for more books from this author

This book focused on the sweet romance of the two characters in this book, Ryan and Ritz of how do they in love each other. Ryan show like an Alpha man to Ritz. Some twist in this story, for those who loves reading romance well this book will catch your attention.

I am not able to tell you how good the actual story is because I could not get past the bad writing and grammar mistakes. I only read to the second chapter of the first book. I have read hundreds of similar books by different authors and this book was elementary compared to others. Very disappointed.

I gave the second star because it has a good story line and the sex scenes were good, but I couldn't finish it because the writing looks like something out of grammer school. The dialog sounds like foreigners are speaking. It just made it difficult to keep reading, so I had to stop.

I have enjoyed reading these books so far. I love the characters and the story line. The stories do end in cliffhangers so it does leave you wanting more and you can't wait for the next installment. The author has done a wonderful job writing the characters and the story line. I would recommend these books the characters are both strong and sexy.

The Alpha Billionaire Romance Complete Series, all 4 books! This is seriously amazing. I have actually read every story and had been so entertained by Ritz and Ryan. So far, this is the best romantic book bundle that I have ever come across with. I had a grand time reading each book and it easy really engaging. I have to give it to the author, it is not easy to come up with a story as great as this one. And in 4 books too! This has made me fall in love again.

A good read, a complete collection of the author's Billionaire Nights, personally I liked the novel and I mastered it in just a three days. Competent interchange and interweaving storylines I liked, besides the sex scenes are not intrusive and quite logical, although present everywhere. Author of many thanks for the time spent on a novel. I recommend.

So much great romance in a nice package! It is always great to have stories that are all in the same genre..Billionaire's.Cant go wrong with that. I enjoy all the books in this set some of them I already read and didnt mind reading them again. Well written romance by authors who know their stuff! I recommend this boxed set.
