## Customer Reviews

A fantastic job, well done by the researcher and translator. The complete discovery of Guodian available to all Westerners, and not only to people able to read Chinese. Many texts are the oldest philosophical, historical texts in China. Thank you, Mister Cook!

This book (both volumes) has actually been available for over half a year now. Since cannot seem to get its act together, interested buyers should instead turn to University of Hawaii Press, which distributes it directly for CEAS. The price listed here should be sufficient to buy both volumes in paperback, not just volume one.
