Japanese Kanji Flash Cards, Volume 1: Kanji 1-200: JLPT Beginning Level (Downloadable Material Included)

Synopsis

Everything you need to learn the 200 basic Japanese kanji characters is here in this ebook!Flash cards are an essential tool in memorizing words when you are learning a new language. In Japanese Kanji Flash Cards, Volume 1, you'll get all the tools needed to learn the basic 200 Japanese kanji, including: 200 flash cards featuring the most commonly-used characters. Downloadable audio recordings of over 1,200 words and phrases from a native speaker. A 32-page study booklet with sorting indexes and practice tips.Each expertly–designed Japanese flash card in this ebook offers core information about the meanings, pronunciations, vocabulary and usage for each character along with memorable phrases and drawings to help you learn the Kanji. A stroke-order diagram shows how to write the Kanji correctly. Plus, the cards allow you to sort into smaller sets so you can learn or review them in batches and help to remember the kanji character effectively. This ebook covers the first half of all characters needed for the Japanese AP exam, and all N5 Level and many N4 Level kanji required to pass the standard Japanese Language Proficiency Test or JLPT.Watch your ability to learn kanji, read kanji, write kanji, and remember kanji grow steadily each day with Japanese Kanji Flash Cards, Volume 1!

Customer Reviews

I would not recommend this for complete beginners to the Japanese language. Because of the way the cards are laid out, I think it would be better suited for people who have some knowledge of how to read Hiragana and how to properly pronounce Japanese syllables.Each flash card focuses on one Kanji character, but on most of the cards, the translation for that lone Kanji character is not given. Instead, 6 words that include the featured Kanji are presented on each card, along with Hiragana, Roumaji, and English translations for each word. You have to use context in order to figure out what the main Kanji character means, or go look it up online somewhere. Because of this, I think most beginners would be confused by these flash cards. I've been studying Japanese grammar and vocabulary for a couple of months and these cards work really well for me by building upon that foundation.The CD that comes with this kit is also not great for beginners. It contains 200 MP3 files - one for each of the 200 flash cards in the kit. In each MP3 file, a native Japanese speaker says the card number, followed by the Japanese pronunciation of each word on that card. No English translations are read. These audio files seem to be provided so you can learn how to properly pronounce the words. I do find that listening to the Japanese audio helps me memorize the vocabulary.The audio CD does not auto-play in my PC's CD-ROM drive. I have to open a media playing program and play the tracks from there. I don't know if this is just on my computer or if it's this way on all of them. Also, the CD does not work in traditional CD players. If you want to play this in a CD player, you'll have to burn the files to blank CD and format it to play in CD players.
