Customer Reviews

The words listed herein, most all of which I know or am at least familiar with, are not a part of most people's active vocabulary; including my own. I have tried various paperback vocabulary books, the kind that are quite portable, but find myself fanning the pages instead of being able to quickly snatch a word and using it. The 1001 Words for Success may help me do just that and, by finding the word quickly, perhaps it will find its way into my active vocabulary; I don't know yet. If not, then I may have to try something completely different. Wish me luck.
