1st Grade Spelling Games & Activities: Activities, Exercises, And Tips To Help Catch Up, Keep Up, And Get Ahead (Sylvan Language Arts Workbooks)

Synopsis

Includes a \$10 discount coupon off your child's Skills Assessment at a Sylvan Learning Center! First Grade Spelling Games & Activities helps children learn and practice the basic skills needed to become a great reader. It is packed with curriculum-based activities that strengthen the ability to read and spell various grade-appropriate words. Rather than a rote approach to spelling through memorization, the engaging activities inside involve children in the learning process by holding their attention and teaching important skills in an inventive and entertaining manner. Why Sylvan Products Work! Sylvan Learning Workbooks won a 2009 Honors Award from the National Parenting Publications Awards (NAPPA) as a top book series for children in the elementary-aged category. The NAPPA is the nation's most comprehensive awards program for children's products and parenting resources, and has been critically reviewing products since 1990. The Award recognizes Sylvan Learning Workbooks as some of the most innovative and useful products geared to parents. Sylvan's proven system inspires kids to learn and has helped children nationwide catch up, keep up, and get ahead in school. Sylvan has been a trusted partner for parents for thirty years, and has based their supplemental education success on programs developed through a focus on the highest educational standards and detailed research. Sylvan's line of educational products equips families with fun, effective, and grade-appropriate learning tools. Our workbooks and learning kits feature activities, stories, and games to reinforce the skills children need to develop and achieve their academic potential. Students will reap the rewards of improved confidence and a newfound love of learning.

Words, Language & Grammar > Spelling #1443 in Books > Children's Books > Activities, Crafts &

Games > Activity Books

Age Range: 6 - 9 years

Grade Level: 1 - 4

Customer Reviews

I like these books to keep my daughter's English on par with her English speaking peers. She is bilingual and we live in Korea so it's my job to teach her English. Now, the only thing I don't like about these Sylvan books is that sometimes they have activities that jump way over the level of the book. For example, they may have basic word matching exercises but then in the next exercise they will want the child to find the main idea of the paragraph. There are things like this I have seen in all the Sylvan books I own. Still, most of the exercises are level appropriate.

1st grade books like are bright & colorful which makes the child try harder academically mainly because it seems like a comic book at first glance when they do it! they will like it until they run into a hard work problem for them, that's when parents or guardians kick in! to guide them through, not give them the answer! this book is great! for 1st graders & slow 2nd graders.

I like books which can challenge. This one is ok. it will definitely work if your child is a little bit behind however if your kid is doing great this book will be done in a month. My teacher also said it's ok but definitely not the best one.

My daughter is going to start 1st grade this year and just loves doing this book. She breezed through 40 pages already in just 4 days. We have other Sylvan 1st grade workbooks, but this one seems to be her favorite which she asks for every day.

Definitely awesome. Kid really likes this way of thinking and problem-solving - game like study. She always happy to answer correctly 100%. It is easier way to be familiar with new and already known words.

Funny and engaging! I loved it. Exceeded my expectations. I had tried to get my kid into their program, but I couldn't afford it. Their books are the second best for my special needs child. I use them as teaching tools to better his academic skills. He really likes their books.

It's well done and engaging. The types of exercises can seem a little redundant, but overall we've enjoyed it.

I love it. So does my daughter. She even asks to do more work.
