# Preparing Nurses For Disaster Management

## Synopsis

This book addresses issues in disaster preparedness specific to nurses in a host of practice sites. Through a compilation of research, nurses' personal experiences in disaster and trauma care, firsthand accounts from the authors and other experts in bioterrorism and disaster preparedness, this book introduces users to basic disaster nursing and works to help prepare them for a wide spectrum of settings and situations that are relevant in today's world. It includes a pocket flip chart that serves as a quick guide to fast facts imperative to nurses in responding to disasters of all kinds. Nursing Students and Nursing Professionals.

## Customer Reviews

This book is easy to read and understand. Each chapter is short with valuable questions at the end. This book is well worth the money spent.

Used during undergrad studies, decent book.
