The Writer's Presence: A Pool Of Readings

Synopsis

A joint effort by Best American Essays series editor Robert Atwan and veteran writing teacher and former 4Cs chair Donald McQuade, the new edition of *The Writer's Presence* collects teachable readings by great writers, showcasing distinctive voices and clear points of view on a broad range of engaging topics. With selections that span communities, time periods, levels of difficulty, and fields of study, *The Writer's Presence* shines a spotlight foremost on writers who establish a strong presence. The result is a blend of classic pieces by figures such as James Baldwin, Annie Dillard, and Amy Tan and fresh pieces by rising stars such as Silas Hansen, Ariel Levy, and Brian Doyle, with many essays accompanied by writers' commentaries on their work. A flexible arrangement and minimal apparatus fits nearly any approach to teaching writing. Now with six annotated student essays and introductions to strategies for critical reading and writing in different essay genres, *The Writer's Presence* gives students more support than ever to think critically and develop their own voices. And now with the new edition, you can meet students where they are: online. Our newest set of online materials, LaunchPad Solo, provides all the key tools and course-specific content that you need to teach your class. Get all our great course-specific materials in one fully customizable space online; then assign and mix our resources with yours. To package LaunchPad Solo free with *The Writer's Presence*, use ISBN 978-1-319-01382-0.

Customer Reviews

I found this book at my favorite bookstore and have been reading it from cover to cover since. Though it's apparently used for classes, if you love reading and especially writing, then this book has ALL examples of the finest in every category. It is a winner and I only put it down to write this

brief review! I am so glad that I picked it up, I saw others but they dull in comparison. I have the 4th edition and don't really see the need for the 5th since I'm reading it for pleasure and it's much cheaper and easier to find too! I hope that you enjoy it as much as I am right now.

This book was required for a writing class I took in college. I am not rating based on the quality of the writings, but on another matter. One interesting thing about this collection is that so many of the works contained in this book are in the public domain and can easily be read online for free or bought elsewhere in print for much cheaper. Or use the public library! Examples: The Declaration of Independence by Thomas Jefferson Second Inaugural Address by Abraham Lincoln Letter from Birmingham Jail by Martin Luther King, Jr. Learning to Read and Write by Frederick Douglass And many more, plus magazine article reprints that are often put online for free reading. I just wanted to make potential buyers aware of this fact before dumping close to \$60 into something in which much of its contents are free. I bet you could buy all the copyrighted works in individual print separately for far less than this collection as a whole. Like nearly all textbooks, this book is a true rip-off, and costs far more than it is worth. If it wasn't used in college, it would probably be a \$20 book, if that. If your class requires it, then I guess you are a victim like the rest of us, be sure to buy used. If you are not required to buy it, don't! Don't support the publishers that gouge the students just because they know they can get away with it! Just my 2 cents. ****EDIT: 8/21/10**** Good to see the price this book is selling for has dropped to next to nothing. Unfortunately that probably just means the publisher put out a newer edition and colleges are requiring that one instead.

I first encountered this book in AP Literature in high school. Then I bought this book because I loved the personal essays. There are questions in the back of each essay for you to analyze the writing piece and it really helps to make you think about how an author presents an idea.

Bought it for College Writing 1 class and ended up loving some of the essays in there. There is an essay in there for everyone my favorites being "Let Them Eat Dog" and "Into the Wild". It is a fantastic collection of essays.

I like this anthology for teaching my college composition course. It is chock full of a variety of genres, along with several "staple" texts that most college students read. Has diverse authors and really good comprehension questions. Plus, there is a powerful teaching manual for this that features some phenomenal synthesis and extension activities.

Exactly what I needed for School and got it for a much more reasonable cost than on campus or through the regular ordering routes. It came in the condition stated..Even though it's a college text book, it's a delight to read. It's an up to date and beautiful collection of literary gems ranging from modern times back to the past. It has some short pieces by Twain that I had never read before. What a treat to read his short stories. One piece, by a modern writer, was so moving that as I read it, tears were streaming down my face. This will be one college text book that will stay in my library.I'm using .com to get all of my college books from now on!!THANK YOU .COM!!!!

This kindle book was sent to my device no problem. The book was also really enjoyable to read. I won't give away any spoilers.

Got this for my son who was taking some college courses. It was a lot cheaper than going to a book store.
