ALTERS~PARANORMAL POWERS BIBLE STUDY: Mind Controllers Black Awakenings

Synopsis

A Mind Controlled Slave Trauma and Fear Creation Everything is recorded within our subconscious minds for we are like computers; the subconscious mind can be changed, information erased and replaced by a mind handler. A mind manipulator through using the power of hypnosis will simply place a person in an alter state of consciousness (trance) and use a systematic program to create new "alters" (psychologically crafted personalities activated by demons). Mind handlers manipulate alter personalities as the foundation for programmed couriers resistant to torture, where the primary personality would not even be aware of the secret information being carried. The information could be summoned forth via a post-hypnotic command or response to a pre-programmed cue. The Controller or Handler Hypnotizes the Person The Controller places and layers various demons into the victim's mind. Like a person programming a file with passwords into the computer, the mind controller inserts codes (or passwords) into each new demonic personality and is able to call them up and to instruct them to do certain things which are called triggers. The purpose of the handler is to create new personalities (demons) who operate as personalities of a mind-controlled slave. Mind-control programming is a system that different personalities or also called personality parts named alters (demons) by the mind handlers which are created and layered into the subject's mind by people using paranormal powers of witchcraft. Thoughts fed into our subconscious minds affect us, for good or for evil. Deliverance ministers call these alter personalities demons. These alters (demons) are separated by walls created by the handler. The demons who do not know each other but can take control of the body at different times. The handler will build blackout walls that separate these demonically created personalities. They are like files in a computer positioned side by side but each file has its own knowledge enclosed within it. These generated alters are not pieces of the person's shattered mind that come alive and form new personalities. The split pieces of the splintered parts of the mind are just empty places that the demons can occupy. Wizards and witches use fabricated trauma and fear to fill the parts of a shattered mind with demons that will impersonate different personalities such as a Christian, New Age, communist, mentally damaged, intellectual, etc. Traumas do not take these parts and form "altars" that have broken or separated from the person's personality. The word "Alter" is psychological terminology for acting and thinking demons; this is the psychological explanation of demonology. Traumas cause the spirit of fear to enter who becomes the gatekeeper of the mind. The demon of fear opens the various empty pieces of the mind to be occupied by the demons being deposited in the subconscious mind by the handler. Alters (demons) have behavioral traits and personalities with accompanied voices. Pieces of a split mind cannot talk!

The shattering of the mind could be better described as brain damage or better yet, separated sections or fragments from the brain offering a space for demons. Puppets powers of Hypnosis They manipulate the mind through the powers hypnosis using psychological, (witchcraft) and drug techniques mind control research with the emergence of 'Brain Washing' as a common term. Hypnosis, drugs, and psycho-surgery; separately and combined, were the tools of this quest for the ultimate truth serum on the one hand, and the capability to create an agent who could not have his or her mission tortured out of them, or even be aware that they were carrying secret information given to them in an altered state of consciousness. More and more sophisticated drugs were experimented with, such as LSD, Ketamine, and Psilocybin. Lobotomy and the implantation of electrodes were considered as methods for creating a compliant agent. Electro-Convulsive Shock,...
