How To Be A Hippie: Your Guide To Joining The Hippie Community, Learning About The Hippie Movement, And Discovering True Hippie Culture

Synopsis

If you want to learn all about the hippie movement and what true hippie culture is all about, then this book is for you! Read on your PC, Mac, smart phone, tablet, or Kindle device. No one can tell you how to be a hippie. That would be very unhippie-like. It's not about growing out your hair, wearing bright colorful clothing, listening to 60s music, getting stoned, being a vegetarian, or living in a commune. Being a hippie means having certain ideals and pursuing them actively. So in a way, it can be said that hippies have always been around at all times and in all places. If you want to pattern yourself after the 60s hippies, however, then start by embracing their core values: peace, love, the environment, and the beyond. This short ebook will provide you with a concise and colorful overview of the hippie culture and the history of the hippie movement. And by the end of it, you'll have a pretty clear picture of the hippie already inside of you. Here Is A Preview Of What You'll Learn... The History of the Hippie Movement The Summer of Love Opposing the Establishment in Favor of Peace Concern for the Environment The Use of Hallucinogens Tune In, Turn On, Drop Out Hippies Today Much, much more! I totally loved this book. I have always been curious about what a "Hippie" actually looks like or what makes someone a "Hippie" so I bought this book. It is very informative and easy to read. I had many misconceptions about being a hippie but this book made me realize how bad I was. I recommend this book to whoever is interested in this topic

Enjoyed the journey back in time. There is a lot more to be shared. All hippies were not druggies because many, many were and still are political/social activists. We are older and wiser now and our core convictions are even stronger. We are still the same in spirit. May the Earth and All Beings Be Well. Peace and Love Always.

I love the hippy community so this was an obvious book for me to pick up. It gives cool history on the hippie movement, hippie history, and how to get involved in the current hippie scene. Overall it's a great book for anyone interested in this awesome scene

Straight to the topic. Especially loved the recourse to the historical background. Feels like I'm hippie as per this book. :) And this is just Ok! Would definitely recommend to anyone trying to get into current world's mainstream agenda. Thank you!

For those too young or somehow missed the Hippy movement, this is a good very basic introduction to the basic ideals. It is by no means a long read or exhaustive. This short ebook is well-written. It read it for free on Kindle Unlimited.

The Book expanded my perspective on what hippies are and what is so different about them. The only thing I knew about them or the perception I had of them was that they are/were people wearing loud and colourful clothing with a distinct taste for drugs and some funny dance moves. But beyond that I knew almost next to nothing. So this book has certainly helped me gain a lot of knowledge about hippies and have a closer look at them, their contribution to the society and the changes brought about by their rebel nature.

I was pleasantly surprised by the content of this eBook. It contains a lot of relevant and valuable information about the hippie generation and everything it entailed. I was actually enlightened by reading this. I never knew the entire history behind the hippies and everything they stood for and

believed in. This book delves into the depths of the term "hippie" and explains how it came about and even point out the differences between the different types of hippies that are still around today.

How to be a Hippie is a creative informative guide that talks about the history and movement of hippies, and even shows you how to act like one! A little before my time but I've certainly seen picture of my mom hippin it out! Gonna give this book to my daughter- she'll laugh her head off for all the right reasons. If you are interested in learning about the roarin 60s- this book is for you!
