Synopsis

Stoicism (FREE BONUS INCLUDED)For Beginners! - Learn How To Transform Your Life With Stoic Philosophy, Wisdom, Knowledge And Habits!The stoic philosophy is one that was created back in the time of ancient Greece. This philosophy teaches us that we are all just small pieces of one great being known as the universe and the guiding principals of this philosophy will aid us in making the best of our time in the mater plan.In this book we will look at the ten philosophies of the stoic belief. We will explain how they work together and are the guiding texts to a utopian future.At the end of this book I will give you my personal take on these beliefs and how you can use them to find peace, wisdom and knowledge in the world and life you create.Download your copy of [Stoic Gardening](#) by scrolling up and clicking "Buy Now With 1-Click" button.

Customer Reviews

Stoicism is the quality or behavior of a person who accepts what happens without complaining or showing emotions. If you are envious of what others have and regretful for what you don't possess then you should change your way of thinking

It is the best and AWESOME guide I have read till yet. Taught me important things of life and about Stoicism philosophy. Very good written and comprehensive. Explain Stoicism without any complicated terms. Recommended to everyone/anyone who wants to read or change their life through Stoicism!

This book is a general introduction on the various aspects of stoicism. It is a good starting point for anybody who is just starting with matters. This book helped me gain an overall feeling for this ideology. Now that I know stoicism is definitely worth further studying , I'll make sure to find some more concrete books on the topic.

A great, short primer on the basics of stoic philosophy and it's historical context. Not an instruction manual on how to apply stoicism to modern life though, you will have to look elsewhere for that. In short , this book is fairly for beginners.

i have always been attracted to the tranquility and detachment which are hall marks for Stoicism. This book give me a lot more knowledge to it
