# Psychology In Your Life (Second Edition)

## Synopsis

Makes science accessible at all levels by showing how psychology is relevant to students'™ everyday lives. Author Sarah Grison, an expert in the teaching of introductory psychology, has created a print and digital package with an equal commitment to the success of every instructor and student. A strong, author-driven support package, rich with original media, a test bank, Active Learning slides, and InQuizitive adaptive learning modules, provides instructors with everything they need to help today's™ students understand and apply introductory psychology.

## Customer Reviews

Seriously, I recommend this book to everyone ! This book has awesome up to date information on psychology and it is a very easy read. Although I was required to get it for one of my classes, I typically would try to re sell my books after, but not this one, I will be keeping it.

Don't waste your time and money with them. Absolutely ridiculous.

Book is in good condition and is what i need for my psy 101 class

Exactly what I was searching for! In great condition!

Great book. It was in great shape. Never any issues
