Barack Obama's Rules For Revolution: The Alinsky Model

Synopsis

Barack Obama's Rules for Revolution: The Alinsky Model examines the roots of the current administration's effort to subject America to a wholesale transformation by looking at the work of one of the President's heroes – radical Chicago community organizer • Saul Alinsky. The guru of Sixties radicals, Alinsky urged his followers to be flexible and opportunistic and say anything to get power, which they can then use to radically change existing social and economic institutions. In this insightful new booklet, Horowitz discusses Alinsky's work in the 60s and his advice to radicals to seize any weapon to advance their cause. This became the philosophy of Alinskyite organizations such as ACORN and influenced the future President who came up through the Chicago network created by Alinsky's network. After analyzing Saul Alinsky's work and pointing out that the godfather of social organizing created not salvation but chaos, Horowitz then he asks the crucial question: "And presidential disciples of Alinsky, what will they create?"

Customer Reviews

This little 51 page booklet can be easily read in an hour. The author, David Horowitz knows the subject well, since he was a major player in the anti-war left in the Vietnam era and the editor of Ramparts magazine. He knows Communism from the inside out, since he was a "red diaper" baby! The new copies are not available on Amazon but can be purchased new for \$3 each. There are no chapter listings or index, since this is a polemic pamphlet, in the style of Paine's US Revolutionary era "Common Sense" (also, coincidentally 51 pages in some editions.) Like "Common Sense", I expect it to be read a hundred years from now. Those who get their education from the ivy league, and their news from NBC, will be completely ignorant of Saul Alinsky and will be enlightened on how much Barack Obama has based his plan of "fundamentally transforming the United States of America" upon the work of Alinsky, a man of true evil intent, who dedicated his first book to Lucifer. Alinsky books are long, boring, and really only for Communist "true believers". This little booklet hits all the high points in only an hour and tells you everything you need to know about this truly evil man. Herein you will learn that when Hillary graduated from Wellesley in 1969, she was offered a job with Alinsky's new training institute in Chicago. She didn't take the job, but she remains a lifelong "Progressive", as was Alinsky. The booklet tells why radicals hate America and want to destroy it, because they are comparing America to heaven on earth, and compared to this Alinsky heaven, even America is hell. The booklet tells how Lenin is one of Alinsky's heroes, as is Castro. The pamphlet tells why radicals can be relied on to lie, steal votes and justify murder when committed by their political friends.
