Often we have to remind ourselves that it takes the initiation of an idea by a single person to open windows of possibilities to enhance our lives - that person in the case of this book is Dr Joe Tichio, chiropractor, rock climber, author, website creator, innovator and inspirational speaker. Here is a man who treasures his relationship to his fellowman and uses his thoughts to share meaningful quotations that have been an inspiration to him and to those around him. So whether you put this assemblage of 365 quotes on your Kindle or the paperback version where you can easily access it, 'use as directed' and feel the difference it makes. The quotations are not simply beautiful words that describe nature (yes, some do that, too) but rather they are words uttered by common people and famous people that serve as lampposts along the way of our journey through life. In other words, these quotes illuminate what has perhaps been too long in the shadows for many of us, and it is with a sense of respect - no, love - for Joe that reading them one day at a time we just grow

more. For instance, the first quote is from Eleanor Roosevelt: 'No one can make you feel inferior without your consent. Never give it.' Pow! Already you can feel what is going to happen to your spirit as you spend time each day embracing this collection of words, of empowerment. Or quote #15 by Zig Ziglar 'Remember that failure is an event, not a person.' Or #27, a beauty from John Lennon: 'When I was 5 years old, my mom always told me that happiness was the key to life. When I went to school, they asked me what I wanted to be when I grew up. I wrote down "happy." They told me I didn't understand the assignment and I told them they didn't understand life.'
