# Daddy Did Wrong: A Story Of Sexual Abuse (Child Abuse Series Book 1)

## Synopsis

Young Katie interprets her fathers "special attention" as his way of showing her how special she is to him. That is, until the day he took his "affection" for her too far, crossing boundaries that never should have been crossed...She has been slowly groomed over time and never considered exposing his unwanted attention to anyone until he starts repeating his grooming technique on her little sister....For some reason, killed the original title. Look inside to see former title used.

## Customer Reviews

For the most part, was a really good read. And quite believable. However, the book ends quite abruptly. I felt that the author could have written at least a few more pages to neatly tie up the whole story.

It was creepy but a fast read to see what happened. Ended completely strange. Written like a child was writing it. I'm glad I only spent .99 cents on it. Anymore than that would have been a waste of money.

This is mostly about a 12 year-old girl, and her younger sister. Her father begins to abuse the older

girl just as she starts puberty -- first by spanking her on her bare bottom for the slightest transgression, and then escalating from there. It's a short story and can be read in one sitting. I thought it was well written. The ending is one you are not prepared for.

KatieLynn sure had to endure lots of abuse from her father and doing so because she felt unloved by her mother then not wanting to lose her love from her father. #emotionalread

This time it was me who did not do proper research before buying. Being a true story makes this a vile, disgusting work. If you are looking for a true story that pulls at your heart strings, rather than erotic fiction, this will earn 4 or 5 stars from you.

This book started off great, it was really good until the ending. Although it was a pretty good read, I hate books that end the way this one did. I wouldn't recommend this book to my Friends.

This book is primarily references to biblical quotations. Not helpful. Does not really cover the subject as I had expected.

The story is ok; there seems to be something missing but I cannot put my finger on what it is. I am not crazy about the ending but I understand what she did.
