Customer Reviews

I've been using these series since I was in college tutoring elementary - middle school kids. And with each new edition, they get better. Now I use it with my own kids. Comparing this series to other popular vocabulary workbooks, I prefer the format, various genres of stories, and repeated practice. It really helps the kids to not just learn the words, but also utilize them in everyday writing.

Yes, it was what my daughter requires for the class to be able to complete her homework at home without the need to call other people or write emails to her teacher.

Very pleased with the book. Teacher approved!

Prompt delivery. Item as described and in excellent condition. Thank you.

If you are not a teacher, do not buy this book. This book doesn't include an answer key, but I can't get it anywhere. I tried to get it from the publisher, but it was required to send a teacher's certificate for purchasing.

Perfect! Shipping was quick too.

Perfect new conditions.

Very helpful.
