Stedman's Medical Terminology

Synopsis

An engaging and hands-on way to learn the language of health care, *Stedman's Medical Terminology* uses a proven *worktext* approach that helps students master the information they need to communicate successfully in the health care world. More than 4,500 questions make this the most comprehensive medical terminology resource on the market. Each chapter begins with enough coverage of anatomy and physiology to provide the context for learning the medical terms, followed by *Word Part* and *Terminology Tables* that provide strategies for figuring out the meaning of new words and connecting them to the appropriate body system. Exercises in every chapter progress in a meaningful way from recall and review, to word building, to comprehension, and finally to application and analysis. This approach allows student to see their vocabulary grow and to connect what they are learning to a real-life context. *Study Tips* in every chapter highlight common errors people make when working with medical terms, and give you tips for success. Reorganized chapters now align with the *Memmler's Anatomy and Physiology* text table of contents for cross-over consistency. Chapter Objectives have been changed to *Learning Outcomes* and rewritten where necessary. An updated design maximizes images and better aligns figures to content. Updated terms and references provide the most current and actively used language in today's health care settings. Flashcards were removed from back of the text, but are still available online. Revised and updated ancillary materials reflect changes made in the text.

Book Information

Paperback: 784 pages

Publisher: LWW; Second edition (February 12, 2016)

Language: English

ISBN-10: 1496317114

ISBN-13: 978-1496317117

Product Dimensions: 8.4 x 1.5 x 10.9 inches

Shipping Weight: 4.6 pounds (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #37,576 in Books (See Top 100 in Books) #23 in [Books > Textbooks >](#)

Customer Reviews

Would be nice if they went a little more in depth.

As listed arrived on time

the book is new
